CHICOPEE MA 01022-1055  
UNITED STATES

Dear Sir / Madam

The Center for Devices and Radiological Health (CDRH) of the Food and Drug Administration (FDA) acknowledges receipt of your submission. This submission has been assigned the following unique document control number. Failure to reference this assigned number in future correspondence may result in processing delays.

Master Access File Number: MAF2644  
Device: POLY-OND COATING  
Received: 08/07/2015

You may amend this master access file (MAF) to include additional information at any time. All amendments shall be submitted in duplicate, identified with the above MAF number, and addressed to:

Food and Drug Administration  
Center for Devices and Radiological Health  
Document Control Center - WO66-G609  
10903 New Hampshire Avenue  
Silver Spring, MD 20993-0002

Information in your MAF may be incorporated by your client in their premarket approval applications (PMAs), investigational device exemptions (IDEs), premarket notification submissions (510(k)s), reclassification petitions, color additive petitions, or other submission types to FDA.

Only you can authorize reference to your MAF. In order to prevent your client's submission from being found deficient for lack of an authorization letter to reference your MAF and to expedite processing, please provide a signed authorization letter directly to your client with the instruction that the original of your letter be included in the original copy of the client's submission along with a copy in each additional copy. Under this approach, your MAF need not be amended to include the letter of authorization.

If you have any questions concerning this letter, please contact Ms. Wanda Sawyer-Major at (301) 796-6568 or by email at [wanda.sawyer-major@fda.hhs.gov](mailto:wanda.sawyer-major@fda.hhs.gov)

Sincerely yours,

Nicole L. Wolanski, CDR, USPHS  
Director, PMA Program  
Program Operations Staff  
Office of Device Evaluation  
Center for Devices and Radiological Health
